Leon Health, Inc. is an HMO with a Medicare contract. Enrollment in Leon Health, Inc. depends on contract renewal. Benefits vary by plan benefit packages. The benefits mentioned are part of a special supplemental program for the chronically ill. To be eligible for these benefits, enrollees must have, at least, one of the following chronic conditions: hypertension, diabetes, chronic kidney disease, hypercholesterolemia, chronic and disabling mental conditions. There are additional eligible conditions not listed here. However, having an eligible chronic condition does not guarantee that the enrollee will receive the benefit. Eligibility for coverage of the item or service depends on whether the enrollee is classified as a "chronically ill enrollee." Unused amounts expire at the end of each month. Purchases may only be made via an approved vendor. Any leftover amounts do not carry over if the member disenrolls with the plan.
